

ACTION ON SUPPLY CHAIN

We'll source our main ingredients and raw materials sustainably and responsibly.

We'll make sure 100% of our main agricultural ingredients and raw materials come from sustainable sources by 2020.

We'll continue to embed sustainability, ethics and human rights into our supply chain.⁶

Baseline is 2010 and target date is 2025 unless otherwise stated

⁶ We will do this through our global Supplier Guiding Principles and Human Rights Policies.
